Chief Engineer
Radio Station K O L Y
Mobridge, South Dakota

32658

GENTLEMEN:

I am pleased to report reception of your station on Wednesday, August 16, 1972 from 12:42 AM to 12:48 AM Central Daylight Time on 1300 KHz.

Items and announcements heard on this broadcast are as follows:

12:42 CDT Test Tone (slightly higher than 1000 cycles)
12:48 STATION ID: "K O L Y. One, Two, Three, Four. K O L Y. Testing One, Two, Three, Four. 1300 Kc's."
(either you had an Open Carrier or went off the air. The signal level stayed about the same for the next 5 minutes or so then I left the frequency.)

This is the first time that I have heard KOLY Radio from Omaha, in my 13 years in the hobby. Your station is among the 7 remaining stations needed to complete all of the AM South Dakota Stations. Others are KBFS-1450, KDSJ-980, KOBH-580, KRSD-1340, KCHF-1520 and KBHB-810.

I have been listening for many months between 12:30 and 1AM on both the 1st and 2nd Saturday Mornings for your regular FREQUENCY MEASUREMENT CHECKS. Since I never heard you then, the date must have been changed. Is the THIRD WEDNESDAY the new date for your Checks and is it with Lee's Summit, Missouri?

Thank you very much for your interest in our hobby. Good business in Radio! 73's.

We normally Test KOLY on 3rd Tuesday morning 12 to 12:15 AM Central Time. Your reception on Wed am Aug 16, 1972 is correct.

G. P. Coleman C E.

Receiver: Hammarlund, HQ-180-A 18 tubes. Signal strength: S-8; fairly steady
Antenna: Directional 40" square Loop, pointed toward: Mobridge, S.D.
Interference: Station KCNW in Tulsa, Oklahoma on 24 Hours
Atmospheric noise: Slight Fading: Slight Readability: 99%
Omaha temperature: 74 degrees. Weather: Clear

I shall be pleased to hear from you in reply to the above report, and to receive a letter of verification, stating the date & time of my reception, for which RETURN POSTAGE is enclosed. Do you also have an extra COVERAGE MAP available? Sincerely thanking you, I am.

Very truly yours and 73's,
Ernest J. Wesolowski
